# *Hazardous Chemical Spill Prevention and Control for Logging Operations*

The Forest Resources Association has produced a 13-minute VHS videotape entitled *Hazardous Chemical Spill Prevention and Control for Logging Operations*. The Video and accompanying Discussion Leader's Guide are designed for volunteer non-expert discussion leaders to use with state Logger Training and Education (LT&E) program workshops, or for logging contractors to use at employee safety/environmental training meetings. The purposes of the video and Discussion Leader Guide are:

- To raise awareness of the need to prevent spills in the woods;
- To provide basic information to help wood suppliers develop a Spill Containment/Control Plan;
- To encourage loggers to acquire and learn to use spill containment and cleanup materials.

A complete program using this Video and Discussion Leader Guide should run approximately one hour. The major topics covered include:

- 1) Awareness
- 2) Prevention
- 3) Containment
- 4) Cleanup

Notification of authorities is also briefly covered. Inserted in the Discussion Leader Guide is a sample spill prevention and control plan which can be distributed to the workshop/training program participants, for them to customize for their company's use.

The price for the Video with Guide is \$50.00 to FRA members, \$100.00 to all others. Orders for shipments to Maryland should include 5% sales tax.
